

Spanish Anyone?

Learn or even teach your students Spanish in Mexico, and it's not just for the sake of the subject. There's nothing like visiting a country in its own language to help you understand the culture and its people. The following information is intended to help you decide whether you should consider a Spanish immersion program.

There are hundreds of language schools in the US and in Mexico, offering more than just Spanish instruction. These schools feature general classes in culture, politics, language, economics, history and art and music. Learning to speak Spanish can be a fun experience.

So, how do you choose which Spanish language school is right for you? Start by finding out a school's place. Will you have taught your students in Mexico, possibly in a school or language school, or will you be in the city of your choice. Schools that offer you an immersion program are more likely to help you learn the language in a natural setting.

Schools offer different levels of instruction based on your specific needs and goals, ranging from cultural Spanish to immersion methods in language schools. It's important to check the program. Studying for a month or more is best, allowing you to fully immerse

yourself in the language, culture, and customs. You'll learn more about the country and its people, and you'll be able to use the language in a natural setting. The following information is intended to help you decide whether you should consider a Spanish immersion program.
